

# CARE MANAGEMENT

Proactive Care Management

- URAC accredited UM, CM and DM, as well as Maternity Management, complete Wellness and Behavioral Health programs
- Real time red flag triggers alert payers, stop loss carriers and employer of potential catastrophic events
- Care and claims integrate to ensure case level negotiations prior to treatment
- Integrated Rx and medical claims data enable reality based member outreach and communication
- Incentive and results based Employee Wellness programs

## INETICO ADVANTAGE:

Complete integration of care and claims data through INETIPASS strengthens the fiscal health of the plan and the clinical health of plan members.
